Quilt Assembly Instructions

1. Sew two **Fabric D** strips lengthwise to the top and bottom of **Panel A**. Once you have sewn and pressed your seams, true-up Fabric D to be the same length as Panel A.

Note: Your strips should be just long enough to fit on your panel. If you find they aren't, you may either trim down the sides of the panel to match, or add a small length to your strips.

2. Sew the remaining two **Fabric D** strips to the left and right side of **Panel A**. Trim excess from Fabric D.
3. Sew three **Fabric B** and four **Fabric C** rectangles, short sides together, beginning with Fabric C and alternating C/B/C/B/C/B/C to create **Border C/B**. Repeat to make a second Border C/B.
4. Sew the borders lengthwise to the top and bottom of the quilt top.
5. Repeat steps 3 and 4 with the remaining Fabric B and C rectangles, but begin with Fabric B and alternate B/C/B/C/B/C/B to make **Border B/C**. Make 2 borders.
6. Sew borders lengthwise to the left and right sides of the quilt top. True up Borders C/B to match Borders B/C.

Baste, quilt, bind, and enjoy!
