Please read through all the instructions before beginning. This Project uses a 1/4" seam allowance.

w.o.f. = width of fabric

Cut out each piece as listed under cut list.

Sew each row together as show in quilt diagram. Starting with row 1 and ending with row 6. Lay out all the rows 1-6 and sashing strips 1-5.

Sew Rows and Sashing Together

With right sides together sew sashing 1 to row 2 and then row 1. Always sew the sashing to the longest row first. Row 2 is longer than row 1. Next sew sashing 2 to row 3 and then row 2. Again sewing to the longest row first. Next sew sashing 3 to row 4 and row 3. Next add sashing 4 to row 4 (it's longer) then row 5. Next sew sashing 5 to row 5 and then row 6. Use a ruler to square up the quilt, cutting the excess sashing from the quilt.
