- c. Stitch columns together in alternating order.
- d. Stitch 5 D pieces together end to end.
Repeat to make 2.
Stitch to top and bottom of columns.

2. Flowers

- Using template plastic or cardboard, make template of 10" circle.
Mark circles on 10 set aside squares and cut on line.
With needle and thread, make gathering stitch 1/8"
from edge of circle, folding 1/4" to back of fabric as you go.
After stitching all the way around circle, pull thread to gather and form yo.
Tie knot to secure gathering stitch.
*Note: You can insert 5" circle of plastic, batting, fleece etc.
to make stiffer if desired.

Repeat to make 10.

Lay flowers out as desired on columns. Pin in place.

3. Stems

- Measure from bottom of quilt to center of flower.
Cut rick rack measured length.
Repeat for all 10 stems.
Remove flowers until after quilting is finished.
Pin rick rack in place and stitch down.

4. Leaves

- Using template plastic or cardboard, make template of leaf.
Mark leaves on paper side of fusible web.
Press leaves on wrong side of fabric making sure fabric is larger than fusible web.
Cut out leaves on marked lines.
Remove paper backing.
Position leaves. Press into place.
Finish edges as desired.

We recommend using close finishing stitches because of the raw edge.

*If your finishing stitches are close together, you can place a piece of white paper underneath your fabric to act as a stabilizer while you stitch.

When finished, rip paper off back.
